DETAILED ACTION

The examiner acknowledges receipt of the amendment filed 2/20/04.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark S. Leonardo on March 4, 2004.

The application has been amended as follows:

Please cancel claims 32 and 45.

Election/Restrictions

2. Claims 1, 15, 18, 33 and 44 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 10, 11, 24, 25, 42, and 43, directed to the species of antifungal and phytochemical compounds are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

3. Claims 1-3, 5-28, 30-31, 33-44 are allowed.
